

SOCIETY OF ST. VINCENT RE PAUL TOLEDO COUNCIL UNSERVED AREA ASSISTANCE

The Society of St. Vincent de Paul Diocesan Council (SSVDP) is offering financial assistance for conferences that provide help for those who reside in areas that have no active conferences or other resources.

Rather than providing council funds on a case-by-case basis and waiting for approval and reimbursement, we are now providing grants for conferences to use for cases as they come up throughout the year.

These funds are to be used exclusively for assisting those who have no access to an SVDP conference and limited agency services, if any. It CANNOT be used in areas with a conference to cover expenses that the local conference cannot or does not provide. In such cases, regular operating funds should be used to twin with them for their neighbor.

In order to prevent duplication of service, each neighbor must be documented and submitted to Council with neighbor name, address, service provided, amount awarded and other pertinent information in ServWare. If yours is not a ServWare conference, you need to send that information to Council to put in.

GRANT DETAILS AND APPLICATION

The Grant Amount is \$5,000 and can be applied or reapplied for anytime during the fiscal year (October 1-September 30) by the Conference President.

You may want to pair some of your regular treasury funds with grant funds to prevent using the funds too quickly.

As always, conferences who run low on funds for their regular assistance needs can always ask Council for funding assistance.

APPLICATION FOR UNSERVED AREA GRANT

Conference Presidents may use this form to apply for the grant. Funds must be used to assist neighbors who have no Saint Vincent de Paul conference in their area. Using regular conference assistance guidelines, due diligence should be done through a personal encounter to assess requests, verify details, provide viable referrals to agencies and other available services, and document each case completely. Keep track of all out of service area cases and add complete information in ServWare (or forward case records to Diocesan Council to input if conference does not have ServWare).
